## OVERVIEW OF COURSE GRADING

The grades earned for the course will be derived using City University of Seattle’s decimal grading system, based on the following:

<i>Overview of Required Assignments</i>	<i>% of Final Grade</i>
Course activities	20%
Quizzes (equally weighted)	40%
Position papers (two equally weighted)	40%
<b>TOTAL</b>	<b>100%</b>

## SPECIFICS OF COURSE ASSIGNMENTS

The instructor will provide grading rubrics that will provide more detail as to how this assignment will be graded.

### Course activities

Class participation through discussion activities is an integral part of this course. To provide a structure for balanced participation and allow students to maximize the benefit of the discussion activities, it is required to follow these guidelines: 1) Post responses to discussion questions in the first three days of the school week (Monday through Wednesday in online classes; various days in mixed-mode classes). 2) Post at least four or more thoughtful and topic-relevant comments to responses made by classmates over at least three different days of the school week. 3) Respond to any questions that the instructor has regarding

students' original post by the end of the school week.

Additionally, students are expected to attend and participate in all classroom sessions and course activities conducted during those sessions. Instructors will provide detailed grading criteria for in-class attendance and participation in classroom-based activities. The following is the grading criteria for online discussion board activities.

<i>Components</i>	<i>% of Grade</i>
Quantity of responses	25%
Quality of Responses	25%
Timeliness	25%
Style and Mechanics	25%
<b>TOTAL</b>	<b>100%</b>

#### Quizzes (equally weighted)

Students will take weekly equally weighted online multiple choice quizzes to reinforce the course materials. The quizzes will test students' ability to utilize course concepts and terminology. All quizzes are closed books and notes.

<i>Components</i>	<i>% of Grade</i>
<b>TOTAL</b>	<b>100%</b>

#### Position papers (two equally weighted)

Using the concepts covered in this course, students will write two five- to six-page, double-spaced position papers. Each position paper should take a clear position on a topic relevant to the course. This paper should: a. Introduce and explain the topic; b. Take a position. Have a clear thesis statement; c. Defend student's position with logical and persuasive arguments; d. Provide supporting evidence that is accurate and authoritative. In their papers, students are expected to combine their own thoughtful analysis with ideas and information found in a minimum of three sources. Therefore, as in any scholarly writing, students should not merely copy information from another author, but use evidence to support the contentions they have drawn from their findings and critically analyze related literature - this paper has to be an analytical paper, not a summary of readings. This paper must meet APA requirements of format and style. Students must cite the sources of all ideas, facts, and information used that are not their own, even if they have put the information into their own words. Failure to do so is plagiarism, even if the oversight is unintentional.

<i>Components</i>	<i>% of Grade</i>
DAS-Analysis and use of course concepts	30%
DAS-Organization and coherence	30%
DAS-Style and mechanics	20%
APA Style (citations, references, formatting)	20%
<b>TOTAL</b>	<b>100%</b>
